

Your Brand. In the Game.

Golf thrives on precision and personality – and that’s exactly how we approach brand management. Eingelocht puts your logo where it matters: on the course, in the shop, and in the hands of your customers.

We create custom golf accessories and logo products that combine function and design – making your brand visible.

As the distributor of LUXX BESPOKE®, we offer exclusive premium products, combined with creative consulting and reliable execution – from concept to delivery.

What We Stand For:

- Brand impact instead of mass production – for visibility and value.
- Design that hits the mark – golf-ready, precise, and detail-driven.
- Effortless execution – reliable timelines, clear communication, outstanding quality.

Our References:

We supply some of Europe’s most prestigious golf tournaments as well as partners like Callaway Europe. This confirms our commitment to making brands come alive at the highest level – from club editions to major international events.

We promise you well-designed products, refined in detail, and strong in presence. Solutions that don’t just display your brand, but make it visible and tangible.

Let’s get started.

Eingelocht – we putt your logo on it.
